Pool lining

Quality and consistency for more than 50 years

Made in Germany

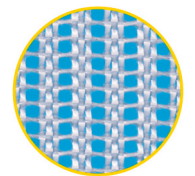

www.delifol.com

Quality and consistency

Good reasons for choosing delifol:

-  superior quality made in Germany for more than 50 years
-  extremely tear resistant and durable through high quality fabric lining
-  high UV resistance
-  anti-microbial and hygienically flawless
-  extensive colour and decor range
-  optimal roll length from 16,20m to 25m
-  short rolls from 5m
-  manufactured and tested according to DIN EN 15836-2
-  all approvals for EU safety standards for linings in the swimming pool construction

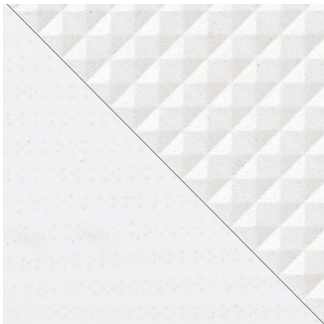

The delifol warranty:

We grant you 10 years warranty on the sealing function of our delifol swimming pool and pond liners.

Fabric							
Fibre density	DIN 61100-2	cm ⁻¹	longitudinal/transversal	8 / 6,5	8 / 6,5	8 / 6,5	
Weight	DIN 61100-2	g / cm ²		170	170	170	
Fibre count	DIN 53830-3	dtex		1100	1100	1100	

Accessories

Special swimming pool cleaner

We offer two special cleaning agents for an effective yet gentle cleaning of your DLW delifol swimming pool:

DLW deliclean

is a highly effective basin cleaner. With DLW deliclean dirt, rings of fat and soot can be removed quickly and easily.

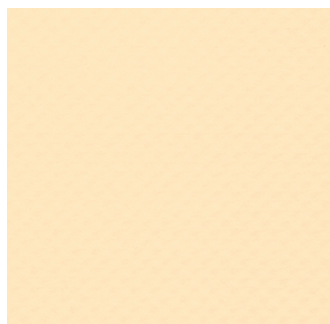

DLW delicalc

is an intensive cleaner for outdoor and indoor swimming pools. It removes limestone and sediment deposits and is effective against persistent rust and all sorts of dirt. Even encrusted lime deposits get dissolved. A mineral acid mixture, germ impeding and anticorrosive.

Pond Lining

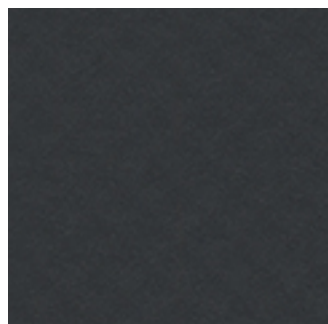

... or are you planning a swimming pond, a natural pool, a creek, a water garden, a pond with plants in? We also have exactly the right products:

BTG Sand

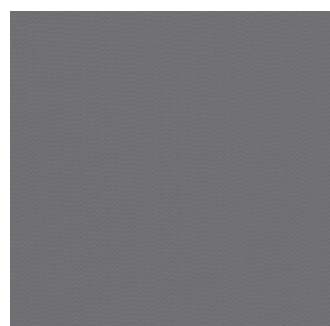

STG Light Green

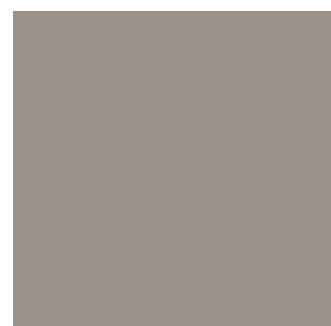

TG/ATG Anthracite

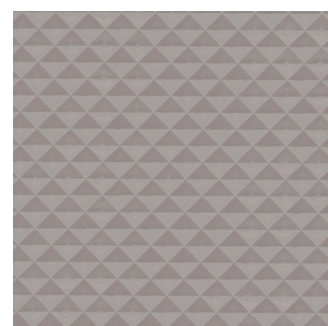

OTG Olive

GTG Granite

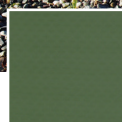

CTG Concrete

CTGP Concrete (anti-slip)

For more information please see our ponds brochure.

Linings for swimming pools and ponds:

- fascinating creative
- large variety of designs
- a lot of combination of colours
- reassuringly long-lasting
- cost efficient
- finished in a very short time
